SEO PROJECT EXPERIENCE

HomeFit Hub — SEO Case Study (Blog Website)

2026

homefit-hub.vercel.app · full case study + evidence at kavi-seo-portfolio.vercel.app

- Built and deployed a three-page blog website (HTML/CSS, hosted on Vercel) for the home-fitness niche, from content planning through launch.
- Ran a complete SEO workflow: keyword research (Google Keyword Planner) → competitor analysis (Google Sheets) → on-page optimization (titles, meta descriptions, headings, structured URLs) → technical checks (mobile responsiveness, page speed) → Google Search Console submission → full site audit report.
- Structured keyword research and content briefs so each page matched a distinct stage of search intent, connected through internal linking.

PROFESSIONAL EXPERIENCE

Phoenix Softech — Web Design Intern

Apr – May 2025

Madurai, Tamil Nadu

- Audited live client-facing pages for UI, layout, and cross-browser rendering issues — early hands-on exposure to the diagnostic process used in technical SEO audits.
- Rebuilt 3+ pages for full mobile and desktop responsiveness (HTML, CSS, JavaScript), directly relevant to mobile-friendliness checks in technical SEO.
- Validated cross-browser compatibility across Chrome, Firefox, and Safari.
