SEO Site Audit — homefit-hub.vercel.app

Generated on 2026-08-05

This report provides a focused review of the classic on-page and technical **search engine optimization (SEO)** factors for your website — title tags, meta data, headings, links, images, indexability, and page-level schema.

Each page is scored on a 100-point SEO scale. A score below 40 signals substantial room for improvement. A score above 70 is a strong result. Every check below is marked **PASS** or flagged with a recommended fix.

This report covers 1 pillar page and 3 supporting cluster pages on homefit-hub.vercel.app.
